  - **BBNPA - Planning Application Consultation Letter 21/20471/TRCA - Proposal: "Sycamore - It is the recommendation that this Sycamore should be removed along with an adjacent sapling that is growing also along the wall. The factors that help in this decision are the unions of the lower stems, the positioning / location, indicating that the tree is self-seeded, also, the indication that the tree appears to have been previously cut down and has regrown with the five stems growing from the original single root system. There is also work required to repair the existing fence line which is in a poor state of repair, and the tree will be in the way of any repair works that are to be undertaken, along with repair works required to relay the slabs in the adjoining property."** –
